ClickShare Wireless Laptop Connection

- Use the Clickshare to connect your laptop wirelessly to the projection system.
 - Press the “Video” button on the AV control keypad.
 - Insert a ClickShare button into the USB port on your laptop.
 - Open the folder that pops up to download the driver for PC or MAC
 - If the window doesn’t automatically pop up, browse to the ClickShare USB drive to start the application.
 - The white LED ring will flash as the driver is loaded.
 - When the ring is solid white, press the button and your image will show on the screen.
 - NOTE: Please refer to the separate ClickShare Quick Start Guide for additional info

To End

- When you are ready to end the meeting, press the “Off” button on the AV controller.

ClickShare

The one click wonder

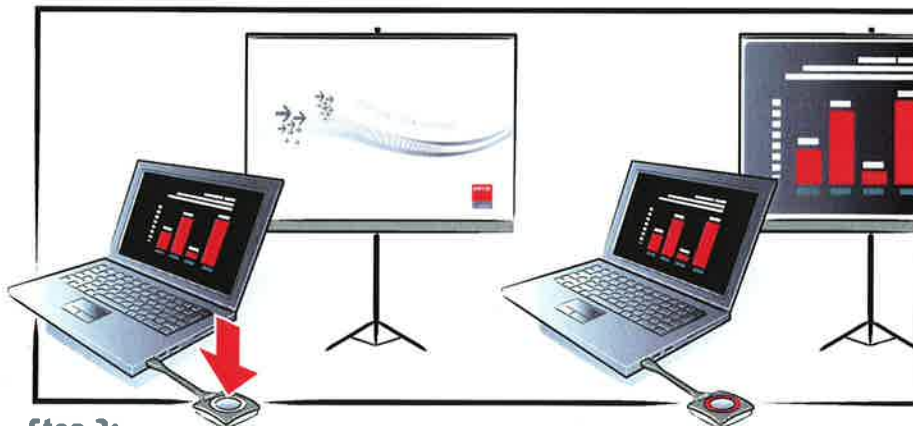

Step 1:

Insert a Button into your laptop.

Step 2:

On your laptop, browse to the ClickShare drive and start the ClickShare application: ClickShare_for_Windows or ClickShare_for_Mac.

Step 3:

Wait till the LEDs of the Button are static white, and then click the Button to show your screen on the display.
The LEDs of the Button will be red.
Click again to remove your screen from the display.

At the end of your meeting, please place the Buttons back into the Tray.
