FOCUSED ON BELLEFIELD'S TENANT AMENITY, PROGRAM AND EVENT UPDATES

ALL INFO CAN BE FOUND ON OUR WEBSITE

## Bellefield: Continually Building Tenant Connections in our Office Community

From holiday community donation drives to art committees, blood drives and nature walks, Bellefield offers so many ways to get connected to the things you care about and even help you find ways to be a part of the larger community. This change has come about gradually over the past years but it really struck home when we tallied our tenant outreach in

2016. We're pleased to have made 60,000+ tenant connections (40 on average per Park tenant) this year through 48 events, 5 programs and 4 new amenities. Safe to say that with numbers like these, Bellefield is not your average office park community – it's become a connected campus. It's become a place where, despite working for different companies, our tenants find more friendly and familiar faces here than even at larger corporate campuses. It's becoming more of a neighborhood where the person you saw out walking the trails or attending a yoga class with you is also buying lunch at

the Food Truck or grabbing a quick cup of coffee in the Café. The world gets smaller and hopefully a little bit friendlier as our connections increase. We've captured all of the Park's events, programs and amenity enhancements in our Bellefield Buzz monthly newsletters throughout 2016 and now we've archived them all in one spot. The newsletters are available on the Amenities page at <http://www.bellefieldoffice-park.com> so you could share in the year worth of connections Bellefield has offered. Its great fun to see so many tenants involved in programs now – we hope to continue our momentum into the New Year.

## Happy holidays to everyone at Bellefield & best wishes for a wonderful 2017!

## Weather Reminders

As the colder weather sets in, we want to help everyone stay safe! We'll be sprinkling the parking lots and roadways with de-icer and looking for frozen puddles close to building entrances to treat. Be sure to do your part in keeping safe by slowing down in the drive lanes and watching for frozen patches in the walkways especially in the early mornings.
